

Data Privacy Policy

This Data Privacy Policy ensures that personal and sensitive data is collected, processed, stored, and shared in a lawful and transparent manner.

The organization is committed to protecting the privacy of customers, employees, and partners. Personal data must only be collected for legitimate business purposes and must not be used beyond the intended scope.

All personal data must be stored securely using encryption and access control mechanisms. Unauthorized access, sharing, or processing of personal data is strictly prohibited.

Data must only be retained for as long as necessary to fulfill business or legal requirements. Once the retention period expires, data must be securely deleted or anonymized.

The organization must comply with applicable data protection regulations such as GDPR or local privacy laws where applicable.

Any data breach involving personal information must be reported immediately to the compliance or security team.

Employees must ensure that data is not shared with unauthorized third parties without proper approval and legal agreements.
